V. *pie-drunk*- State in which any creation by Sedona Pies and baked by the Pie Princess renders one's mind and body...drunk.

Born from a great trip to the city by the bay, Mari-Lyn Harris, aka *The Pie Princess* is bringing some much needed blood to the pastry and dessert industry. Making adult, gourmet, one of a kind pies out of beer, wine and spirits, the Sedona based operation prides itself on being a "small artisan bakery" in the words of Mrs. Harris, and prefers to use local and organically grown ingredients. Pairing with the Pillsbury Winery on June 26th, next month, *The Pie Princess* will be creating another signature pie featuring the newest batch of Pinot Grigio and the season's first harvest of peaches.

Taking her cause one step further, Ms. Harris does not believe in just making her customers happy, she is also extending her pie-love to those less fortunate and in need of support in this difficult economic period. Partnering with local food banks and pantry's Sedona pies will donate \$2 of each pie sold and uphold their mission to "feed the hungry one pie at a time". Join us at the Pillsbury tasting to usher in a new season's harvest, and the opportunity to support our local community one pie at a time.
